

Mastery Connect

FOR THE KIDS!

Thank you, Mrs. Robinson, 2nd grade teacher, Green Ridge Elementary

Do you know these guys?

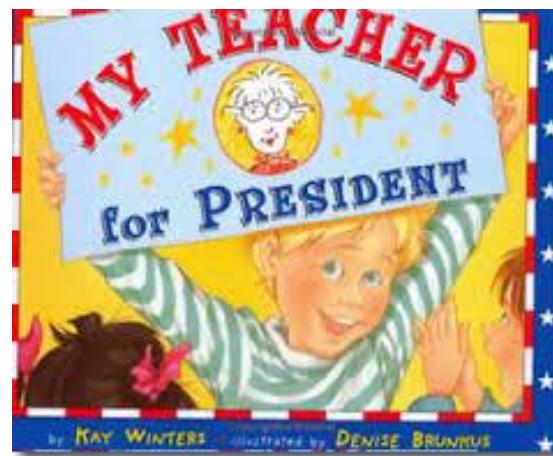

And these people?

How do these people work together?

- The President and lawmakers at the Capitol have created a list of things you MUST learn in each grade. They are called **standards**.
- Your teachers read the list of standards and make sure they teach you everything you need to know so you are prepared for the next grade and for your life as a citizen.

MASTERY CONNECT IS COOL!

- There is this place online where you can see all the standards and how you have done on each standard!
- Do you recognize this? 
- This is the cover sheet you see on your tests and quizzes. Your teacher checks to see if you have mastered a standard by giving you a test or quiz.
- Then the teacher circles M if you mastered that standard. NM for if you nearly mastered it. R for Remedial if you need more help with it.

Name: _____		
2 nd Grade Math Cover Sheet: Unit #3		
Numbers and Operations		
M,NM,R	Question Number(s)	Standard
N/A	Not assessed	CC.2.1.2.B.1 – Use place value concepts to represent amounts of tens and ones and to compare three digit numbers.
3 M 2NM <2 R	23,24,25	CC.2.1.2.B.2 – Use place value concepts to write, and skip count to 1000.
4 M 3 NM >3 R	26,27,28,29	CC.2.1.2.B.3 – Use place value understandings and properties of operations to add and subtract within 1000.
Geometry		
M,NM,R	Question Number(s)	Standard
7-8 M 5-6 NM <5 R	15,16,17,18,19 20,21,22	CC.2.3.2.A.1 – Analyze and draw two- and dimensional shapes having specified attributes.
N/A	Not assessed	CC.2.3.2.A.2 – Use the understanding of fractions to partition shapes into halves, quarters, and thirds.

This cover sheet is for your records. Please sign and return the assessment to your child's teacher the next school day.

*On that cover sheet, the teacher circles M if you mastered that standard. NM for if you nearly mastered it. R for Remedial if you need more help with it.

WHAT DO THOSE LETTERS MEAN?

M= MASTERY (Woohoo! You got it!)

NM= NEAR MASTERY (You almost understand it all!)

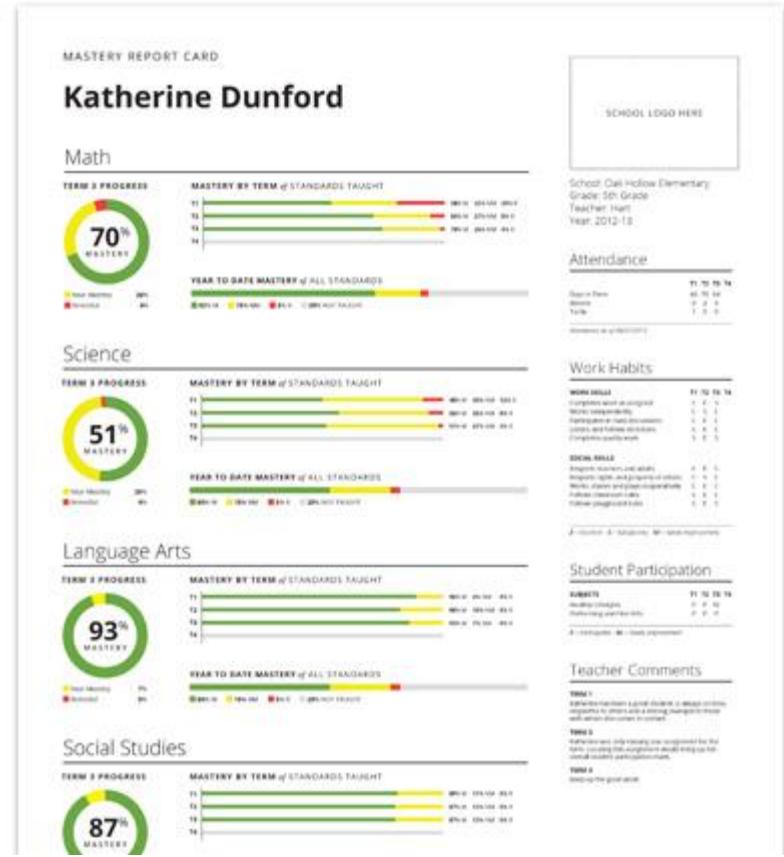

R= Remedial (You need more help with this and then the teacher can check again to see if you understand it after it has been retaught.)

MASTERY CONNECT

- Mastery Connect is an online site where teachers keep track of how you have done with each standard taught.
- It is also a place where you and your parents can see how you are doing ALL THE TIME! It is different from the old report card because you can check it anytime! (Your parents have a password to get in!)
- You simply log on with your parents and take a look at each standard and what you have mastered and what you can work on more!

How do I understand this information?

Pick a subject area. Look at the circle. It will tell you how many of the standards that have been taught you have mastered. It will also show you what you can work on by looking at the red in the circle.

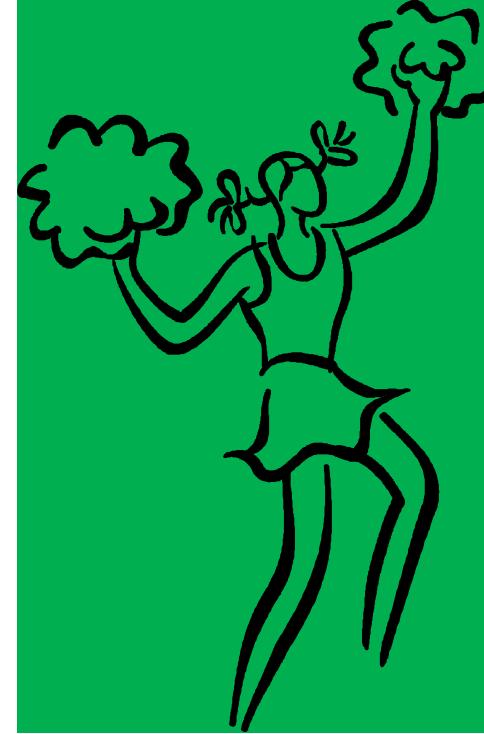

What else can I see on Mastery Connect?

- You can see the tests that you have taken.
- You can see the standards that are coming up in your school year!
- You can see your teacher's thoughts on your behaviors and study skills.

NO MORE:

- M, P1, P2
- A, B, C, D
- Instead you know exactly how you are doing on each standard!

How does Mastery Connect help you as a student?

- You can check on your progress as much as you would like!
- Anything that you see you have red in can be a standard that you practice!
- You can create goals for yourself based on the information, standards, and progress you have made.
