

**Hats off to the many Touch of the Valley sponsors, food vendors, volunteers, auction donors, student helpers, and attendees that came together to create a 17th **ROARING** success!**

The Eagle Foundation will use the \$36,400+ to support its mission of supplementing educational, cultural and athletic activities for Cumberland Valley students. These funds will be used within the 2017-18 academic year to fund many student experiences including scholarships, summer enrichment camps, booster programs in reading and math, a mentoring program for middle school students and classroom resources via the learning grants fund.
