

Going to Kindergarten Registration

I am getting so big, I will be going to Kindergarten soon! But first I will go to the school to show everyone how smart I am, this is called Kindergarten Registration.

My mom or dad will take me to my new school and will stay there the whole time. They will watch me as I go to different stations, but I will be the only one that is allowed to answer. I will say letters of the alphabet, read some words, say numbers, and answer other fun questions. I will have someone look at my eyes and ears to make sure they are working just right. Then I will look at a book with pictures. Where I will answer a lot of questions about the colors, letters, numbers, shapes and sizes of objects.

Everybody will be so proud of me when I answer or try to answer all the questions at kindergarten registration. I will try my very best, so when I start kindergarten in the fall, the teachers will know how to teach me best!
