

# Setting eSchoolBook as a “Trusted” Site

When you are logged into the Cumberland Valley network and you want to access **eSchoolBook**, you will now need to access it at <https://172.16.8.48/eschoolbook/scbk/admin/login.cfm>. When you try to access the new address for the first time, you may receive an error message. You will need to follow the steps listed below to permit Internet Explorer to “trust” the site.

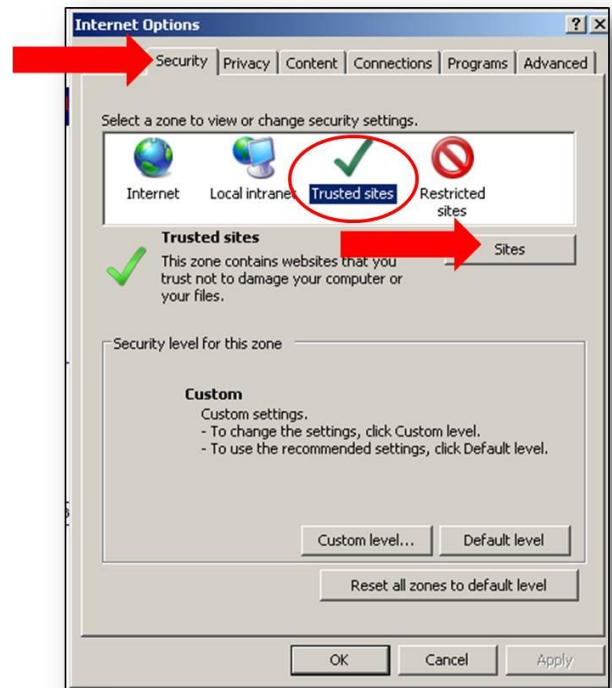

1. Access the new **eSchoolbook** address: <https://172.16.8.48/eschoolbook/scbk/admin/login.cfm>
2. If you receive an error message, click “**Continue to this website (not recommended).**”

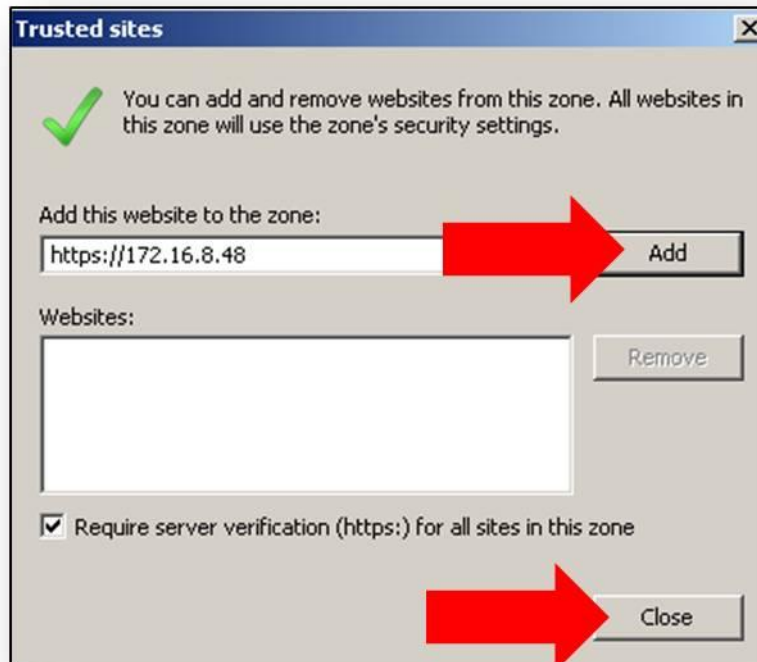

3. Click on **Tools** → **Internet Options**.

4. Click on the **Security** tab → **Trusted Sites** → **Sites**.

5. Make sure that the **eSchoolBook** address is showing where it says “**Add this website to the Zone.**” Click **Add**, then click **Close**.

6. Click **OK**.
