

**CUMBERLAND VALLEY SCHOOL DISTRICT  
ACT 93 ADMINISTRATOR'S COMPENSATION PLAN**

**January 1, 2019 thru December 31, 2022**

**Required Elements:** There are 4 elements required by Act 93. They are:

1. A description of the program determining administrative salaries
2. Salary amounts or a salary schedule
3. A listing of fringe benefits
4. Required "meet and discuss" meeting, upon request

**Meet and Discuss:** The guidelines for the "Meet and Discuss" component are as follows:

Board of School Directors, upon written request of a majority of the school administrators in the District, shall be required to meet and discuss in good faith with the school administrators prior to adoption of a compensation plan.

The administrative team, including District managers, will designate a committee to represent them during the "meet and discuss" process. This committee will be known as the Compensation Plan Committee. They will meet annually with designated members of the School Board. The purpose of the meeting will be to have dialogue about common concerns and recommendations regarding the compensation package. Subsequent meetings will be scheduled as needed.

**Terms of the Plan**

"School employers shall all be required to adopt written administrative compensation plans which shall apply to eligible school administrators as provided in this section, and which shall continue in effect until a time specified in the compensation plan, but in no event for less than one year."

At Cumberland Valley, this program will be meet on an annual basis for one school year (July-June) unless extended by a specified time.

# **SUPERVISION AND EVALUATION OF ADMINISTRATIVE AND MANAGERIAL POSITIONS**

## **Introduction**

Supervisory guidance cannot operate to bring about a maximum of growth if sufficient data is not generated regarding job performance. Evaluation of the effectiveness of job performance is a basic function of those in supervisory and administrative roles.

If good employees are to be selected and recognized, a sound process must be established for determining quality performance. A good performance evaluation system should be kept as simple as possible, and the appraisal system should be conducted in a positive climate.

## **Procedures for Conducting Evaluation**

The Cumberland Valley School District recognizes a need for the continued improvement of job performance. The combined efforts of all employees, instructional and service personnel, culminate in the teaching/learning acts of each classroom; therefore, nothing is more important to the success of our school district's educational endeavors than effective performance.

The Superintendent of Schools, through his/her administrative and supervisory team, shall be responsible for the supervision and evaluation of employees of the Cumberland Valley School District.

Supervision is ongoing and provides continuous feedback. Supervisors shall schedule a minimum of three benchmark conferences throughout the year to discuss performance and progress toward goals. Written notes of each meeting shall be maintained by the supervisor.

An official job review must be conducted at least one time per year to recognize successful performance. If an employee is having difficulties, it is prudent to conduct more than one review. Reviews are necessary to collect valid information and assure the employee is making every effort to correct identified deficiencies.

Before meeting for the formal review, a self-analysis of performance should be made by the employee. The supervisor should also make a review of the employee's performance before the formal meeting. Both parties should have the common purpose of indicating those items where strength now exists and those where improvement is needed.

The Superintendent and the Director of Human Resources will review the supervisor's evaluation of their employees prior to the evaluation being given to the employee.

Following the independent review by the employee and the supervisor, the parties should meet to discuss the implications of their review. They should reach agreement on the items and focus on the ones needing improvement. The supervisor, when necessary, makes a final judgment on the areas where there is disagreement.

Copies of the evaluation are distributed as follows: one copy to the employee, one copy to the supervisor, and one copy is placed in the employee's personnel file.

## **APPEAL PROCEDURES**

Any administrator may appeal his/her job performance review by these procedures:

1. A written request for review will be given to the person giving the performance review.
2. If the differences are not satisfactorily resolved, an appeal can be made in writing to the next level supervisor. Subsequent appeals would be made following the District's organizational chart. The Superintendent would be the last level of administrative appeal. Should the employee feel there is still a need to have the performance evaluation reviewed, the Superintendent's decision may be appealed to the School Board.

## **DETERMINATION OF SALARIES**

Salary increases for all employees under this Compensation Plan will be determined annually based on merit. The matrix provided in **Appendix A** will be utilized following the final performance evaluation to determine salary increases for the next school year.

Salary adjustments for employees hired in the first 3 quarters of the calendar year are pro-rated (X plus 100% of merit in the 1<sup>st</sup> quarter, X plus 75% of merit in the 2<sup>nd</sup> quarter, and X plus 50% of merit in the 3<sup>rd</sup> quarter). Employees hired in the final quarter of the fiscal year may be eligible for a salary adjustment based on market movement.

Salary ranges are included in the Plan as **Appendix B**. Market movement will be applied each year to advance the salary ranges appropriately. The adjusted ranges will be distributed once they are finalized.

## I. BENEFITS FOR ADMINISTRATIVE STAFF

### **Compensated Professional Leaves of Absence**

**Compensated Professional Leaves of Absence**, formerly Sabbatical leaves of absence, shall be granted as provided in the Public-School Code of 1949, as amended. The guidelines for these leaves are referenced in Cumberland Valley Board Policy No. 438.

Administrative staff granted compensated professional leave for 1/2 year for the purpose of study will return to work at the end of coursework and complete tasks under the direction of the Superintendent or his/her designee. Leave for the purpose of professional development for one-half school term will be at seventy-five percent (75%) of full pay.

### **Calculation of salary increases for those on Compensated Leave (Sabbatical)**

The salary increase for an employee returning from a sabbatical leave will be calculated using one of the two methods that follow:

An individual on sabbatical and away from his/her position for a one-year sabbatical will be entitled to a salary increase for the year subsequent to his/her return to his/her position based on the average of his/her job performance ratings during the most recent three years.

An individual on sabbatical and away from his/her position less than the sabbatical leave time actually requested (one-half year or one year) will be entitled to a salary increase during the year immediately subsequent to his/her return to his/her position based on the following formula:

Increase earned during time period on sabbatical and away from job will be calculated by using a pro-ration of time on sabbatical (expressed in months) over 12 months. This fraction will be multiplied by the average of his/her job performance ratings during the most recent three years.

Increase earned during periods of time an individual was not on sabbatical leave will be determined by using a pro-ration of time on job (expressed in months) over 12 months or the number representing the individual's contracted time of employment during a fiscal school year. This fraction will be multiplied by the amount earned and determined by job performance evaluation.

In addition to the salary increase, an individual on sabbatical will receive all the benefits to which he/she would have been entitled had he/she not been on sabbatical. Vacation time for those in 12-month positions will be calculated by using a pro-ration of time on the job (expressed in months) over 12 months or the number representing the individual's contracted time of employment during a fiscal school year. This fraction will be multiplied by the vacation time to which the individual is normally entitled.

## II. OTHER BENEFITS

### A. VACATION

1. All administrators who are on a twelve-month contract will receive vacation. New hires will receive a pro-rated amount of vacation days upon hire of 1.25 days per month.
2. Every year on July 1 following the initial date of hire, each administrator will be granted vacation days based on years of experience.
  - 1-5 years of service - 15 paid vacation days which vest at 1.25 days per month
  - 6+ years of service - 20 paid vacation days which vest at 1.67 days per month
3. Vacation days may be carried into the next fiscal year, given those days are used by the start of that school year. Once the school year begins, five (5) unused vacation days will be automatically converted to sick days.
4. An employee who resigns will be eligible to receive a pro-rated payment for vacation days granted in the year they resign/retire. The employee will be responsible for repayment of days used beyond the pro-rated amount. All administrators will be required to receive payment via the District's deferred compensation pay plans upon separation from employment.
5. Generally, vacations will be taken when school or in-service programs are not in session. A maximum of ten days of vacation may be taken during the school year. Administrators cannot take more than five consecutive days of vacation during the school year.
6. The immediate supervisor and District Superintendent must approve all vacation requests.

### B. ILLNESS/DISABILITY LEAVE/DISABILITY INSURANCE

An administrative employee who is unable to perform his/her duties because of illness or disability, and who has exhausted all sick leave available shall be granted a leave of absence without pay for the duration of such illness or disability up to one calendar year, and upon written request the leave may be renewed at the discretion of the Board. Upon return to employment, the employee shall be entitled to a position similar to the one he left.
2. Administrative team members are provided a long-term disability income plan. The elimination period is 90 days (3 months). The amount of the monthly benefit is 60% of basic monthly earnings, with a maximum monthly benefit of \$7,500. The benefit period is to age 65 if the disability occurred prior to age 60. If the disability occurs after 60, the benefit period is prorated. If the disability is permanent and other income benefit such as social security is received, these income amounts are deducted from the monthly benefit.
3. Sick Leave Days - All Act 93 administrative employees, on full time status, will receive 1 sick day for every month they are expected to work in a fiscal year (July to June). 12-month administrators will earn 12 sick days per school year. The employee's position or one equivalent to it shall be held open during the period of childrearing leave. The employee must confirm in writing the employee's intention to resume employment by giving at least sixty (60) days' notice prior to the employee's scheduled return. If the employee fails to give such notice, the employee shall be deemed to have waived the right to resume employment and his/her status, as Employee shall be terminated. ## Appendix A Cumberland Valley School District Determining Salary Increases

This matrix is based on an individual's performance and their position in their salary range. The following steps are used to determine an employee's pay raise:

1. Determine the total evaluation score (add areas I, II and III) - \_\_\_\_\_ (possible 150)
2. Use the following formula: 
$$\frac{\text{Current Salary}}{\text{Current Midpoint}} = \text{Percentage of the Midpoint}$$
3. The percentage of the midpoint along with the total evaluation score will determine the pay raise formula by where the two intersect on the matrix.
4. X is determined by the school board. So, the actual pay raise is then determined by the percent added or subtracted from X.

For example, if an individual received an evaluation score of 130 points and is at 93% of the midpoint with the board determining that X will equal 3%, then the pay raise for this individual would be a 5% pay raise.

### Performance Evaluation Score

	Highest Possible Standard	Expected Area of Performance	Needs Improvement	Serious Problems Exist	
	150-135	134-116	115-100	99-83	82 or less
<b>80% &amp; Below</b>	X+4%	X+3.5%	X+2.5%	X	No increase
<b>81% to 85%</b>	X+3.5%	X+3%	X+2%	X-1%	No increase
<b>86% to 90%</b>	X+3%	X+2.5%	X+1.5%	X-1.5%	No increase
<b>91% to 95%</b>	X+2.5%	X+2%	X+1%	X-2%	No increase
<b>96% to 100%</b>	X+2%	X+1.5%	X	No increase	No increase
<b>101% to 105%</b>	X+1.5%	X+1%	X-.5%	No increase	No increase
<b>106% to 110%</b>	X+1%	X+.5%	X-1%	No increase	No increase
<b>111% to 115%</b>	X+.5%	X	X-2%	No increase	No increase
<b>116% to 120%</b>	X	X-.5%	X-2.5%	No increase	No increase

*Note: If the formula from an administrator's evaluation calculated a reduction to the administrator's current salary, the current salary would simply remain the same. In other words, there would be no reduction in pay.*
