Sponsorship Information

Thank you for sponsoring an Eagle View student or staff member who will walk at the Eagle View campus to empathize with millions of people who must walk for their water each day. Your donations will help drill water wells in South Sudan where women and children walk up to eight hours a day for a meager gallon or two of contaminated water. The ripple effect from one well is profound. When one water well is drilled in South Sudan, 1,000 people can get access to clean, safe, life-giving water; schools and health clinics can be built; and new markets can change the economic tone of the culture.

Donations may be cash or checks made out to **Eagle View PTO**. Sponsorship is not required for students to participate in the walk. For more information about the project, visit www.waterforsouthsudan.org.
