How do I help my student log into Clever?

- Navigate to the Clever login page by clicking Here.

   Logging in with LDAP = use the credentials you use to log into your district owned device

   Logging in with Google = use the credentials you use to log into Google (your full cv email address and your student ID with leading zeros)

   Log in with Clever = username is full cv email address and password is student ID

- Once your student is logged into their Clever Portal, they can click on the application icon they'd like to use:

Cumberland Valley School District

Not your district?

	Log in with LDAP
G	Log in with Google
C	Log in with Clever
